

Electronic Invoicing and Universal EDI

ONE LINK TO A UNIVERSE OF OPPORTUNITY

Solutions for Accounts Payable and IT Professionals:

UniLink is a leading provider of e-Invoicing solutions for AP and IT professionals. Our innovative service streamlines AP 's work processes, frees up valuable IT resources, and positively impacts cash flow management.

Let 's face it, everyone is being asked to do more with less. AP and IT are no exception. We are being asked to process more invoices with fewer people, respond faster to the growing number of technical changes, while providing the highest level of customer services we can deliver.

And yet some things remain the same:

- EDI software is expensive
- VAN fees are expensive
- Maintenance and training are expensive
- PEOPLE are expensive

UniLink has redefined EDI and what it can do for you:

- Unlimited flexibility
 - Any trading partner
 - Any format
 - Any platform
- No software to purchase
- No VAN fees to pay

A true software service that delivers solutions in days !

- NO CONTRACT
- Pay As You Go Model
- Immediate ROI
